

Etched Earthcycle™

Where Sustainability Meets Shelf Impact

A Distinctive Look for a Sustainable Future

Etched Earthcycle™ is the latest innovation from CKF, redefining what's possible in sustainable packaging. By combining the proven environmental benefits of Earthcycle™ moulded fiber with a breakthrough in design, Etched Earthcycle introduces **engraved, vivid designs** directly onto the surface of the packaging—creating a **visually striking, tactile experience** that stands out on retail shelves.

Whether you are a brand looking to elevate your sustainability story or a retailer seeking packaging that turns heads, Etched Earthcycle delivers:

- ✓ **Engraved Visuals:** High-impact, etched designs that communicate quality and care.
- ✓ **Sustainable Materials:** Made from renewable resources and is FSC® certified (FSC-C145472).
- ✓ **Recyclable:** Easily recyclable in paper streams.
- ✓ **No Additional Certifications Required:** The etching process does not compromise the product's environmental integrity or require new certifications.
- ✓ **Retail Differentiation:** A new level of shelf appeal that enhances brand recognition.
- ✓ **Consumer Connection:** A natural, premium look that resonates with eco-conscious shoppers.
